CRESCUS

Defeated The Abbot in Three Heats out of Four.

By Associated Press.

Readville, Pa., Sept. 21.—The great stallion Crescus obtained a firmer grasp on the crown as "King of Trotters" by defeating his only rival, The Abbot here today in three out of four heats. They raced for the \$20,000 purse offered by Thomas W. Lawson, and the money which twelve thousand people paid to see the event, all went to well known local charity. The weather was perfect and the track was very heavy.

The race was disappointing and seemed to lead to the conclusion that the Abbot had not recovered from his sickness of last Spring.

The Abbot broke repeatedly and lost valuable distances. In the first heat he went off his feet before reaching the first turn and was ten lengths behind at the finish.

He managed to keep up in the second and passed Crescus at the half and won by a length.

In the third, however, another break came right at the start and the Seannell horse barely saved his distance at the finish.

Finally too weights were resorted to and while they apparently steadied the Abbot, at the same time they sapped his vitality so that at the moment of the supreme effort in the dash for the wire in the last heat his ex-

hausted nature rebelled and Crescus won the heat and race by several lengths.

NON-UNIONISM.

The Columbus Press-Post is the organ of Democracy for all Central Ohio. It has held this position for several years, and its standing in this respect has not been questioned. The Press-Post is now being published by a non-union force from top to bottom. The compositors, pressmen and stereotypers are all non-union men.

Colonel Kilbourne, the Democratic candidate for governor, is a manufacturer. He employs a great many men. He and his employees are on the best of terms, and he never has had any trouble with his men; but the Kilbourne factory is non-union.

Did not the Democratic state convention make a mistake in not adopting a non-union plank? It would seem so.

TOM JOHNSON'S TAX CRANKS.

Cleveland can not stand Tom Johnson's tax cranks. For a time he was permitted to run his stunt without much opposition other than ridicule from the partisan press. The practical results are beginning to be felt. Cleveland is not on the boom it was when it passed the southern metropolis and took the lead in population. Business is not doing, for there is a clog somewhere and the clog is shown to be Johnson; and his fine system of forcing more taxes from the property owners for his political ring to scatter has not particularly delighted the citizens who only wanted more money from the rich that the tax rate for all might come down. It has failed to come down. Tom Johnson is threatened with extermination after the first trial.—Dayton Journal.
